Blue’s Buddies

Hope. Healing. Love.

Because every pet deserves a chance

Blue’s Buddies is a nonprofit organization dedicated to helping animals receive the veterinary care they need, even when finances stand in the way. Inspired by Blue, a beloved husky mix whose life sparked a passion for animal rescue and veterinary medicine, we believe the bond between people and their pets is worth protecting.

What We Do

We provide financial assistance toward veterinary expenses for pets whose families are struggling to afford care, as well as animals in need through rescue efforts. Our goal is to give animals with a good prognosis the opportunity to heal, recover, and stay with the people who love them whenever possible.

How Assistance Works

Blue’s Buddies prioritizes urgent and emergency veterinary needs and works with participating veterinary clinics. For approved cases, assistance may cover up to 50% of eligible veterinary costs, with the pet’s family or caregiver contributing the remainder. Support depends on case eligibility, available funding, and program guidelines.

More Ways We Help

Blue’s Golden Buddies: Helping senior shelter pets find loving homes with older adults, with ongoing veterinary assistance for eligible matches.

Blue’s Alley Cats: Supporting humane trap-neuter-return (TNR) by helping fund spay/neuter services for community cats throughout the area.

How You Can Make a Difference

Every donation helps us say “yes” to more animals in need. You can support Blue’s Buddies by donating, attending community fundraisers, volunteering, spreading the word, or partnering with us as a veterinary clinic or rescue organization.

Together, we can turn compassion into care—and give more animals the chance they deserve.
